remarked with much emphasis, "those East Texas people have a vegetable gold mine in the shape of orchards and gardens. He thinks the people of Robertson county could learn a profitable lesson from their East Texas neighbors and could counteract the evil influences of the boll weevil by planting more fruit trees and vegetables. He regards the soil of this county well adapted to fruit culture and thinks crop diversification along these lines is the surest method of preventing further disaster."

# OPENING OF SWEENEY & COOMBS' OPERA HOUSE.

Sweeney & Coombs' opera house will open its doors Monday, August 25, with Peruch-Beldent's repertoire company. The prices will be: Matinees 10 and 20 cents, and at night 10, 20 and 30 cents. Matinees will be held except Monday. The following is clipped from the Journal and Tribune, Knoxville, Tenn.:

"The Peruch-Beldent Stock company will inaugurate the second month at Chilhowee park tomorrow night, after breaking the record for attendance at the park theater for several seasons. The reason is obvious. Mr. Peruch is giving the best attractions that have ever been seen at the park, good, clean plays, and clever, snappy vaudeville, and the people are getting more than their money's worth. Hence the crowds. Peruch is a whole show in himself any night. He is a very versatile actor, as well as a handsome woman, and always the heroine in a Western border drama or in the leading role in such ambitious society plays as 'Young Mr. Winthrop.' The other members of the company of sixteen people are all good."

"For the coming week, the plays are 'The Iron Master,' for the first part of the week, to be followed by 'The Power of Gold.'"

"The best vaudeville features of the part two weeks are to be retained. These will include the Carleton sisters, two of the cleverest singing and dancing southern, whose songs are always applauded. Besides these, Fahey & Granter have been engaged."
